

Enjoy security and peace of mind by storing your valuables in an optional built-in combination safe. Safely concealed in an out-of-the-way location, welded to the steel chassis and using a combination you choose, the safe protects your valuables from casual theft.

OPTIONS

An optional ceiling paddle fan is available in most 5th wheel and park models. The 3-speed reversible fan will keep you cool in the summer and warm in winter.

Shielded from the sun by an A&E awning, it's easy to relax in an optional Teton Homes director's chair. Add to that an icy cold drink in a special 22nd Anniversary Edition glass that sits on a solid oak TV tray. All this while you rest on the optional 6'x9' redwood EZ-deck.

A high-powered turbine brush highlights the optional vacuum cleaner, which comes with 30' of hose to allow you to clean your whole coach, with your help of course.

Another convenient optional feature is a gas grill. Available on selected fifth wheel models, this handy extra cook surface easily slides out or in. Extra storage space around the grill is provided for utensils and other items.

A quality Kenmore washer and dryer are available for larger 5th wheels, travel trailers and park models.

Optional twin 100 amp deep cycle batteries are easily accessible for maintenance, utilizing a slide-out battery tray.

Protect your investment and brighten up the night with four 12-volt scare lights.

An important option is the santi-flush system which will keep your holding tanks flushed and smelling fresh. Attaching a garden hose to the inlet allows the tanks to be flushed and pumped simultaneously. An attachment for adding detergent is also provided.
