

BLUE VELVET DECOR

The 40' TAMPA just about speaks for itself. This rear kitchen model is the flagship of the Teton line.

The two 6-1/2' slideouts give you a feeling of spaciousness not found in most coaches. Add to that the optional brass end table, brass floor lamp, recliner and this is home.

Space is also not a problem in the kitchen area. The 36"x48" glass dinette table seats four comfortably, while the chandelier and solid oak doors and drawers add that touch of elegance. The upper and lower corner kitchen cabinets feature lazy susans for extra convenience. The only thing Teton doesn't provide in this kitchen are the sundaes, those you have to make yourself.
