

Sub-Zero Living in Comfort*

Mark and Connie Smith — In February of 1989, the temperature in Cheyenne, Wyoming was below zero for four straight days, with nights of -23° , -22° , -24° and -22° , and we remained nice and warm in our Teton Home.

*To -25° with heat pads, arctic pack and storm windows.

**Important Note: The dry weights shown are approximate and may vary with construction or options added.*

DUE TO TETON'S CONTINUAL PRODUCT IMPROVEMENT, SPECIFICATIONS AND FEATURES ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTIFICATION OR OBLIGATION.

"Ask your dealer about the color-coordinated truck and trailer package."
