

Space abounds in a Teton kitchen. 12' of counter space, in some models, are designed with the gourmet chef in mind. Options such as slide-out pantries and

double lazy susans keep the fixin's right at your fingertips while a built-in Nutone blender slices, dices or blends your favorite treats. Teton is #1 in kitchen storage and countertop space.

New for 1990! Teton is offering a Spacemaker Microwave oven as a STANDARD feature in all their models. This handy little "minute chef" is also available with a convection feature added on.

Guests coming over? No problem, as this handy little icemaker option will make over 1,000 cubes a day. And after the party, there's a convenient refuse caddy to help you clean up.

Units with kitchen slide-outs are also available with the solid oak dinette table and four chairs as an option.
