

The "Prestige" shown above features an optional window in the rear entertainment center and two slide-outs in the living area, making this 15' wide area larger than most homes! It boasts one of the most impressive kitchens we offer.

Teton Homes® pioneered the 17' slideout which adds sufficient space for a dinette and rest-a-lounge convertible couch that would make anyone proud to call home. "Prestige" also offers plush, full swivel glider recliners.

The slideout dining room and full-featured kitchen in this "Prestige" make for one of the most attractive, spacious and beautiful interiors found anywhere! Solid oak tables and chairs with durable fabrics not only clean easily, but will endure even the most rigorous use. There are several optional appliances and other time-saving conveniences you can add to an already impressive kitchen. For extra room, there is shelving on the back of kitchen cabinets which face the living room. It makes an ideal showcase for books and decorative items.

A divider buffet and overhead companion cabinets provide useful space and leaded glass door provide an excellent way to display your favorite crystal.
