

Teton® innovations include a tri-view medicine cabinet and wider vanity areas. The 102" wide body allows the vitreous china toilet to be turned sideways, creating even more room. A solid oak door has a built-in magazine rack and three towel bars.

Complete your household chores with an optional Whirlpool washer and dryer. And how's this for function — a full-width cosmetic drawer below the make-up vanity and an oak framed

Another beautiful option is a ceramic tile floor in all "Royal" bathrooms.

sliding mirror that conceals a window above the vanity. When it comes to beautifully coordinated, 6' high ceiling bedrooms, "Royal" leads in terms of quality, and durability.

You'll sleep like royalty on a 60" x 80" queen-size pedestal bed. A storage area below the bed can be easily revealed and held open with the assistance of gas struts. Oak cabinetry and the vanity offer plenty of room for storage and a convenient place to get ready for that evening out on the town. Solid oak raised panel and tambour doors cover the cabinet and TV area in the bedroom. The left hand shirt closet features two pull-out drawers and two shelf areas, while the other shirt closet boasts hanging space.
