

Prestige

9 6 " W I D T H

Teton Homes® has spent the last 27 years developing the biggest and the best. The "Prestige" is Teton's answer to the mid-priced range luxury fifth wheel market. **Consistent quality and reliability provide for year-around enjoyment for the RV "Full-Timer".**

This 40' "Prestige" features three slideouts, providing a 15' width in functional floor space! All slideout components are part of the chassis, with two electric screw-driven power rams and telescoping support tubes with roller bearing support that make setting up quick and easy.

Teton's® "Prestige" exteriors for 1995 feature smooth, molded Polar White fiberglass with large radiused aerodynamic corners and bold, exterior graphic designs. Exterior luggage doors are a full 2" thick laminated styrofoam construction, the same as the sidewall, with an R-10 insulating factor and a vice-action lock. In fact, there are over 220 value-packed standard features in every "Prestige" fifth wheel model, unmatched by our competitors.
