

65" Interior
Slide-out
Ceiling Height

Contemporary Sorrento Sea Green decor highlights this 40' Aspen Grand XT3.

A solid oak 42" round table comes with four high-back upholstered chairs accented with fabric inlays that match the sofa. With the standard 18" leaf in place, this table provides seating space for six.

Spacious elegance in this magnificent living area sets Grand apart from other brands. At left, a large slideout houses the dinette table and chairs as well as a 74" hide-a-bed sofa. At right, an opposing slideout accommodates the entertainment center, computer desk, kitchen cabinetry and appliances.

The Hallmark of Gracious Living

This expansive living area with its stunning decor is the epitome of Teton® luxury. Standard luxuries include high ceilings in slideouts, Nafo plank flooring in kitchen and entry, an extra long hide-a-bed sofa, two high-back swivel glider rockers and chic swag and jabot window valances with side lambrequins and day/night shades with the block-out feature. The entertainment center offers an optional *Bose sound system with five ceiling-mounted cube speakers.* Also available are a pull-out 27" color TV and a computer desk with windows and pull-out key board tray.

This 40' Vail XT3 Grand features an optional 12 cubic-foot Dometic side by side RV refrigerator. Decorator walls feature a 6-panel solid oak design with inlaid mirrors.

European style hidden face frame hinges lend distinction to Teton's rich oak cabinetry.

Teton's water management system permits individual control on each hot and cold water line throughout Grand homes. A 1/2" water line goes directly to each fixture for greater flow and control.
