

# *Prestige* The Full Measure of Comfort

## Versatile. Functional. Beautiful!

Large mirrored wardrobes, designer coordinated window treatments, a fitted bedspread with pillows and dust ruffle and a *six-drawer dresser with two file drawers and a sliding mirror that conceals the window* are just a few of the niceties in Prestige bedrooms. Depending on how you use the versatile vanity/computer desk area, choose an optional fifth dinette chair or standard vanity chair. TV cabinets have a sliding tambour door and have been *enlarged to accept a 20" combination TV/VCR with room to spare*. Staying in touch is easy; the desk/vanity has phone and modem hook-ups.

A one-piece solid surface lavatory basin and counter features an integrated backsplash for easy maintenance. There's even a place for an optional washer and dryer.

Easy-lift gas struts make under-bed storage easily accessible. A queen size mattress is standard; king size is optional.

A 42" oak round table is ideal for intimate dinners; *add the standard 18" leaf and increase seating capacity to six*. Optional wood accents along top and sides of the dining area slideout include oak flanges with carved corner blocks.
