

Tradition

Tradition is backed by a 3 year limited ultrastructure warranty.

Experiencing Life's Dreams

Dreams become reality in Tradition homes. This model offers a terrific view with extra- large rear bay windows and a window surround in the living/dining slideout. The view is framed by decorative valances with sofa-matching inlaid panels and side lambrequins. For privacy, day/night pleated shades are standard.

Sweeping graphics in dark copper, saddle and brown add style to this 38' Tradition XT3.

Additional amenities are a Dometic microwave with turntable, 74" sofa with hide-a-bed, *Corian* kitchen counters with integrated backsplash and optional space-adding extension and a 42" round oak dining table with four chairs and an 18" leaf. Want even more luxury? Add an optional oak slideout flange, solid oak end table and coffee table, and a Dometic side-by-side RV refrigerator.
