

Experience Making America More Enjoyable

35' Windriver XT3 Experience with Porcelain Rose decor.

A radius front tub gives you more shoulder and elbow room when standing and more leg room when sitting.

The durable, one piece beautiful solid surface sink is easy to clean.

Exclusive wrap-around shelves with mirrored insets create an open feeling in this bedroom slideout. Under the queen mattress is a large underbed storage compartment.

Come home to the most beautiful fifth wheel in the industry. Large windows bring in a panoramic view of the outdoors. Slideouts create expansive living space. The sofa is a comfortable hide-a-bed; the chairs are swivel recliners. Display collectibles in selected overhead cabinets that feature glass in the doors. The optional coffee and end tables feature a lower shelf with arched trim for extra residential appeal.

"On interstate and dirt roads, our 33' Sunrise XT3 handles very well with our '99 Dodge Ram ¾ ton diesel. Teton has one of the best warranties in the business. For the money, they can't be beat."
