

Access to underbed storage is a snap with Easy-lift gas struts. A queen mattress is standard; king size is optional on select models.

Teton has always led the way. That's why our traveling homes are the number one choice of full-time RVers. Grand bedrooms feature our new exclusive patent pending *LevelOne Suite* with the master bedroom and bath on the same level. New mirrored shelving surrounds the bed, with mood night lighting under the arched toe space of the dresser and front mirrored wardrobe to enhance mood and provide safety. Wardrobe and closet space is remarkable!

This 39 foot Frontier XT3 features eye-catching exterior graphics in blue, teal, and light turquoise. Inside, the decor color is Victorian rose.

*LevelOne Suite* ---

European style hidden face frame hinges mean there are no unsightly hinges or visible screws in Teton's rich oak cabinetry.

Just press this One-Touch switch and your optional electric awning will quickly raise or lower.
