

# Grand

YOUR Teton... YOUR Way

39' Frontier Grand featuring 36" tall baggage doors.

Just press this One-Touch switch and your electric CareFree awning will quickly raise or lower.

Travel in Grand Teton style with sweeping new graphics in *chocolate, taupe, and black cherry* for 2003. This 39-foot Frontier XT3 has an optional electric CareFree awning with very handy one-touch operation. A 78" entry door (standard on all Teton) is the industry's tallest.

"Our new Teton is everything we imagined and is exactly what we wanted plus more. The ordering process was smooth, and we appreciate the special attention in customizing our Teton. We would recommend Teton to any of our friends and family." *Michael, Kady and Lottie Summerlin*

REAR LOUNGE

36' Laramie XT3 Grand with Bordeaux decor.

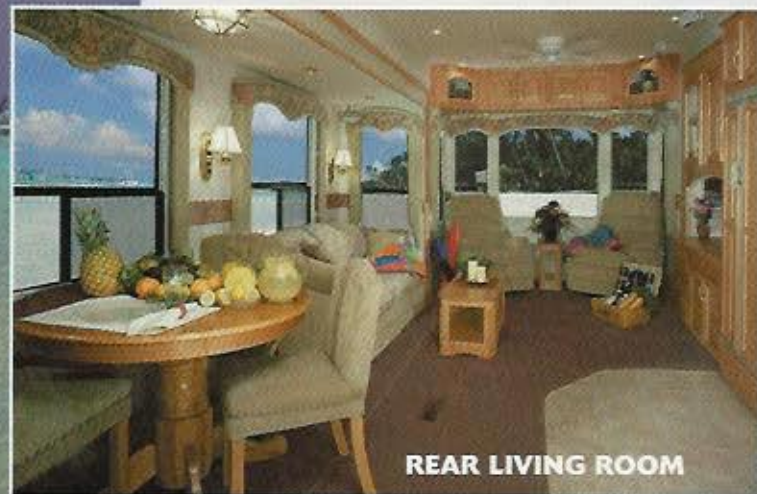

## Three in One Floor Plans

At Teton, we believe the home you choose should reflect your lifestyle. That's why our exclusive *Three in One Floor Plans* give you the flexibility to move your furniture according to your taste, your location or this weekend's whim. In every 3 in 1 Teton Home, you can place your table and chairs in the rear bay window for dinner with a view, create a rear lounge with two recliners, or stretch out on your rear hide-a-bed sofa and enjoy the view. It's your home; enjoy it your way. Want a bit more luxury? Your Grand Teton's fabrics and carpet may be upgraded to that of our Royals, like this 36' Laramie shown in Bordeaux.

Access to underbed storage is a snap with Easy-lift gas struts. A queen mattress is standard; king size is optional in some 36 footers and larger.

Enjoy the residential convenience of a master bedroom and bath on the same level with Grand's *LevelOne Suite*. It has 6'7" of headroom in the bath. Lovely, functional mirrored shelving surrounds the bed; a separate toilet room affords privacy; wardrobe and closet space is outstanding.
