

Experience

Affordable Teton Luxury

30' Laramie Experience featuring 30" tall baggage doors.

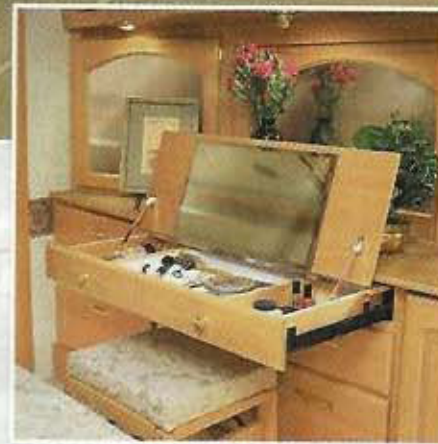

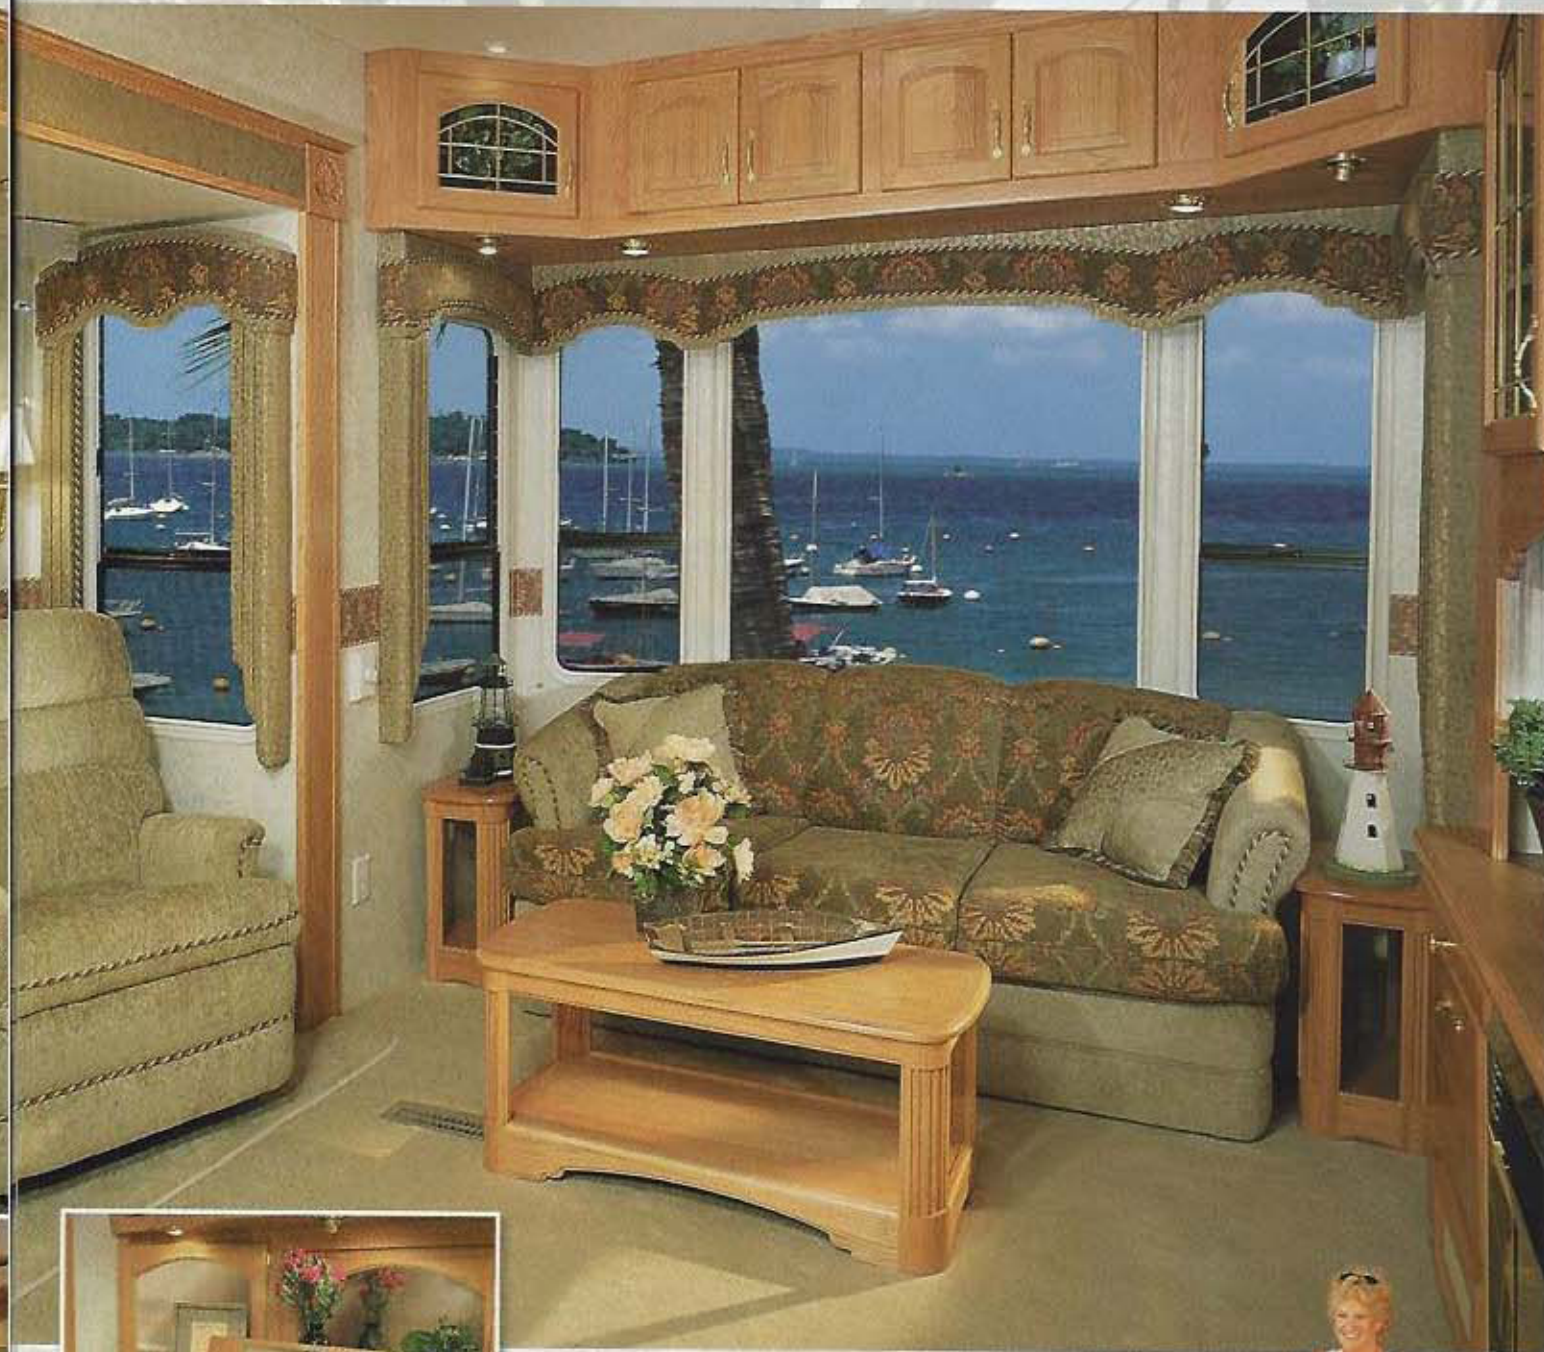

Experience is Teton's lightest and most affordable home. It offers true Teton quality along with many of the same basic amenities as our other units!

Experience has the same incredible storage as all Teton products including this full-wall, multi-drawer dresser. Extra shelving and drawers or optional shirt closets are concealed by solid oak doors. Use the center pull-out drawer as a vanity with a pop-up hinged mirror, a computer work station, or a craft area. The center alcove has tri-view mirrors that conceal additional shelving on either side and a window in the middle. The padded decor-matched vanity stool folds for quick storage.

On a 6,000 mile trip, we crossed the Mojave Desert and the Rockies. In the Rockies, we had no problem maintaining 45 mph up the grade to the Eisenhower Tunnel. Our towing mileage for the entire trip was

9.67 mpg. We are delighted with the performance of both our Teton and our Chevy Duramax tow vehicle.
Glen and Rosi Webb

36' Laramie XT3 Grand with Garden Paradise Decor.

Experience... the perfect combination of living space, superior comfort and total convenience in this beautifully coordinated living room with hide-a-bed sofa, recliner rockers, and incredibly panoramic windows. Like all Teton's, Experience has several

Three-in-One floor plans so you can move furniture to create the arrangement you want. You can also upgrade your fabrics and carpets to that of Royal. Experience is backed with a 3 year warranty.

Enjoy the space and comfort of an optional king size mattress with eased corners (available on models 36' and larger).
