

39' Frontier XT3 Royal - High-tech patented chassis allows for 36" tall luggage doors

Royal

Unsurpassed Luxury

Teton captures the look of the future in this Royal Caravan with a *beautifully contoured front roof line for superb aerodynamics*. Inside, the new shape adds space to the front closet. Teton's unique high-tech chassis is so functional and storage-filled that it's actually patented. The painted automotive finish is champagne with flowing graphics in black cherry, light rose and luxor brown. Read about our remote-controlled awnings on page 7.

It's hard to imagine a more beautiful or functional kitchen. Our optional ceiling of light shines brightly on solid surface counters with a matching sink cover and optional flip-up counter extension to increase work space. Storage is tremendous with plenty of cabinets and a large pantry as well as 24" long drawers. Choose the refrigerator/freezer combination that's right for your lifestyle. This model has an optional side-by-side residential refrigerator with ice and water in the door. The kitchen is part of our hidden slide-out system that maximizes living space. Standards include a range with sealed burners, glass-oven door, turntable microwave and superior grade, red-oak arched-style cabinet doors.

New optional brushed nickel and brass wall lights add exceptional style.

Optional wood valances offer the rich warmth and easy care of solid oak.

"Our custom order was 100% perfect. Many RVers we know spent \$200,000 to \$300,000 for a rig and had to take it back with a long list of items to repair. Our Teton didn't go back for anything. We're proud of our list of 0!"
