

# Experience

## Affordable Teton® Luxury

33' Sunrise Experience with Essence Ivory decor.

This 33' Sunrise Experience features new Essence Ivory decor. It has a spacious living/dining room slideout with two recliners, a hide-a-bed sofa and a dining table with four padded chairs. Don't be fooled by Experience's affordable price! It has the same plush features, substantial storage and exceptional craftsmanship found in all Teton models.

Teton's solid-surface counters and integrated sinks and backsplashes are found in kitchens and baths. Even our sink and stove covers are made of this rich-looking material.

They're just a few of the many residential amenities you'll find in Teton products.

33' Sunrise Experience with Essence Ivory decor.

The Essence Ivory decor-matched bedspread and shams are standard on this marvelously comfortable bed. The queen-size mattress comes with a 5-year warranty; king mattresses are available on some models. Mirrored wrap-around shelving provides a handsome and functional accent in the bedroom slideout.

All models feature Teton's beautifully crafted solid-oak raised six-panel doors and a handsome mirror with wood inserts.

A beautiful residential-style bathroom has a *full size corner radius shower* with a curved-glass door and brass accents. A separate toilet room affords privacy.

My wife loves our Teton. We're both happy with the great value we're getting. When it comes to luxury RVs, Teton really makes a statement.
