You Can Afford a Teton!

New this year in Teton bedrooms is an optional ceiling-mounted LCD flat screen TV which includes a separate DVD player. When not in use, the screen folds flat into the ceiling. Mounting the TV on the ceiling opens up additional storage space in the cabinets.

Shown below is a large lavatory featuring a solid surface counter with an integrated sink. This bedroom decor is Desert Sand with optional natural maple cabinetry.

All drawers feature heavy duty ball bearing full extension drawer guides.

beautifully. *At left is Teton's extraordinary pantry with 24" drawers that open fully for easy viewing of contents. Additional storage is nothing short of phenomenal with plenty of cabinets and drawers.*

Choose your favorite Teton floorplan - including the Three in One style - for Royal, Grand or Experience - and start packing for your next adventure.

Experience is Teton's lightest and most affordable home, featuring outstanding fit and finish and numerous amenities.

Our smaller Experience models can be towed with a 3/4 ton heavy duty pickup! This model is a 36' Laramie XT3 with Desert Sand decor and optional natural maple cabinetry. An optional padded vinyl ceiling provides superb noise abatement and easy care. Teton kitchens are part of a hidden slideout system that greatly enhances living area. *At left, notice the s-shaped sweep of the ogee-style solid surface counter with matching sink cover and optional flip-up extension for greater counter space.*
