Luxury 365 Days a Year

Whether you love a winter wonderland or warm ocean breezes, your Teton can handle it with an optional Arctic insulation package that keeps your plumbing from freezing up. The package includes self-regulating heat tapes on plumbing lines and dump valves located within the frame, dual-power thermostatically controlled heat pads on the bottom of in-frame tanks. Check the standards and options list on pages 18 & 19 for additional Arctic package amenities and enjoy your leisure time and your Teton wherever your travels lead.

Decor - optional upgraded Zephyr

This all-new heavy duty entry door with extra heavy aluminum extrusions, which provides a water and air tight door, operates smoothly and quietly. A rotary cam lock offers extra security. Inside, wood trim that matches your cabinetry adds beauty and interest.

New Hickory Springs 'big easy' entry steps are 10" deep (most others are 8" deep) for safer entry and exit into your Teton.

When it's chilly outside, this optional fireplace lends a cozy look and feel to your Teton.

The standard slideout trim for the Experience in wood and fabric is accented with engraved corner blocks.

Model - 39' Frontier XT3 Experience with optional upgrade Zephyr decor, cabinetry optional maple with cheery stain, optional wood and fabric valances, slideout flanges optional all wood with fluted columns

Stunning decors, plentiful amenities, terrific storage and well-thought out floorplans combine to make this Teton an Experience you'll love. Feast your eyes on such details as brushed nickel lamps, a flat screen TV, sculpted ogee-edge counters, and unsurpassed storage. This is a great place to call home.
