Teton Homes® warrants its Ultrastructure framework, a unique blend of wood, steel and polystyrene insulation for five years on Royal models, and three years on Experience models. The Ultrastructure includes the chassis, the sidewalls, and roof structure. If, during the ownership of the original buyer, any part of the Ultrastructure fails to perform properly because of faulty workmanship by Teton Homes®, it will be replaced without charge for either parts or labor if the proper warranty claim procedures are followed. All other items are covered under the standard Teton® one-year Limited Warranty unless otherwise indicated. See your owner's manual and warranty booklets for further details.

Domestic® provides a three-year limited manufacturer's warranty on their products: Such as the various Domestic® refrigerators and air conditioners. Suburban provides a three-year limited warranty on the tank of the water heater.

The vinyl roof membrane carries a 12-year limited manufacturer's warranty. Azwood® provides a two-year limited warranty on their Hydroflame furnaces.

These warranties are subject to the individual limitations of the specific suppliers involved, and are subject to their rules and guidelines regarding their products. Teton® provides the warranty of the Ultrastructure itself.

It is a special privilege to own an Experience Sunrise Teton. We have owned two other 5th wheel brands and this is the prize. It is our perfect apartment away from home. It is well made, comfortable, quiet and very classy.

Dori and Jerry Gardner
